This is A.A.'s service manual — an outgrowth of the “Third Legacy Manual” which served the movement so well beginning with Bill W.'s first draft in 1951. All of the basic service principles and procedures outlined in that document have been retained. In the interests of convenience and completeness, the material has been edited and rearranged. An overall revision was approved by the ...

The Type 98 20 mm AA machine cannon was the most common light anti-aircraft gun of the Japanese military. The Type 98 designation was given to this gun as it was accepted in the year 2598 of the Japanese calendar (1938). It entered service that same year and first saw combat in Nomonhan. It was used until the end of World War II.
