This segment of the RV industry has grown in recent years and is becoming a popular choice with retirees because it is larger than a Class B motorhome but not as large as a Class C. While there are many in the industry that don't agree on the classifications or use it as a marketing tool, this smaller motorhome has become a hot topic for consumers. Generally speaking a Class B+ may cost more ...

A 1973 Corvette – note the urethane rubber front bumper cover/fascia assembly. This configuration is unique to this single model year. Because of the dramatic changes that occurred throughout the C3's fifteen-year production run (and the number of different powerplants offered by GM during that period), this C3 Corvette Buyers Guide was written a little differently than others in our ...

An excellent example is RV kit builders. Like most of the popular kit makers, Van's Aircraft publishes exact recommendations on which engine to use, then makes an offer you can't refuse by selling the preferred Lycomings to their customers at a slight discount. By partnering with Lycoming—and to some extent Rotax for the RV-12—Van's makes a new engine purchase as simple as checking a ...
